

Noutayla Nefzaoui

noutaylanefzaoui@gmail.com | +216 29 015 861 | El Mourouj, Tunis | Tunisian

Profile

IT student (Business Administration, Tunis Business School) with a strong interest in software development and digital systems. Comfortable working across Java, SQL, JavaScript, HTML/CSS, and C. Brings a practical cross-disciplinary mindset — combining technical skills with real-world project experience in fast-moving environments. Eager to apply and grow engineering skills in a hands-on summer internship.

Technical Skills

Languages & Technologies

- Java — Object-Oriented Programming, basic data structures
- SQL — Relational databases, queries, joins, filtering
- HTML / CSS / JavaScript — Frontend basics, responsive layout
- C — Procedural programming, memory concepts

Other Skills

- SEO basics & web content strategy
- Video editing & multimedia production
- Graphic design fundamentals
- Microsoft Office Suite

Education

B.Sc. Business Administration — IT Major — *Tunis Business School* 2023 – 2027 (in progress)

- Coursework includes: programming (Java, C), databases (SQL), web technologies (HTML/CSS/JS)
- Marketing minor — provides product and user-centric perspective

Baccalaureate — Experimental Sciences *High School Al Athar* 2019 – 2023

Experience

Marketing Manager & Social Media Manager — *SpeakDuo* 2025 – 2026 · Remote

- Managed digital presence and content strategy for an EdTech platform
- Coordinated cross-functional campaigns combining creative and analytical tasks

Co-founder & Videographer — *C213* 2023 – 2025

- Co-founded a creative production project; handled video production and post-editing
- Developed skills in project ownership, decision-making, and creative problem-solving

Marketing Assistant Intern — *SpeakDuo* 2024 – 2025 · Remote

- Supported content creation and scheduling; tracked performance metrics

Marketing Intern — *Malla Marketing Agency* 2026

- Contributed to client campaigns; assisted with digital strategy and analytics

Marketing Intern — *TED University* 2025

- Helped plan and promote a university TED event; managed communication materials

Academic Projects

Ransomware Simulator — *University Project* Java / Cybersecurity

- Built a controlled ransomware simulation to understand file encryption mechanisms and attack patterns
- Developed understanding of cybersecurity threats, encryption algorithms, and defensive strategies

MeetWise — AI-Powered Android App — *University Project* *Android / AI*

- Developed an AI-integrated mobile application for smart meeting management
- Gained hands-on experience with Android development and integrating AI/ML APIs

Jokes Tounsi REST API — *University Project* *REST API / Backend*

- Designed and built a REST API serving Tunisian dialect jokes, handling HTTP requests and JSON responses
- Applied backend development concepts: routing, endpoints, data modeling

Shein Fashion Assortment Dashboard — *University Project* *Power BI / Data Analytics*

- Built an interactive Power BI dashboard analysing fashion product assortment and sales trends
- Applied data visualisation, filtering, and business intelligence techniques

Smart Home System — *University Project* *Java / IoT*

- Developed a Java-based smart home simulation managing connected devices and automation logic
- Applied OOP principles: inheritance, encapsulation, and event-driven design

Extracurricular Activities

Marketing & Communication Member — *IEEE TBS* *2025 – 2026*

- Active in the IEEE student branch — engaged with tech and engineering community events

Project Management & External Relations — *TIMUN TBS* *2024 – 2025*

- Coordinated external partnerships; managed planning and logistics for the Model UN conference

Marketing & Communication Member — *MERIT TBS* *2024 – 2025*
